CHAFFEY, SANTA ANA STAGE FIRST LEAGUE PLAYOFF

Games in Inland League Saturday Result in Five Teams Tying for Honor

SECOND ROUND SATURDAY

Warner Tomorrow Plays Pomona; Riverside Mixes With Fullerton

E. W. Fischer, vice principal in charge of athletics at Chaffey and Coach Mitchell spent Monday at Riverside with representatives of other junior colleges of the league in an effort to determine the best method of deciding the league championship, finally reaching an agreement that a play-off would be the fairest way. This means four games will have to be staged—and the following schedule was made:

Tomorrow night (Wednesday) at 8 o'clock Santa Ana and Chaffey will mix at the Chaffey gym, the winner of this game to play Pomona on Saturday night. The place for this game will be decided after tomorrow night's battle.

On Saturday night Riverside and Fullerton will also fight for the chance to compete in the final round, which will be played by the two unvanquished quintets next Tuesday evening. The place for staging the final battle will be decided after Saturday night's games.

With the Inland league championship decided on Tuesday, the first round of the play-offs for the Southern California junior college championship will be played Saturday night of next week, the Inland league winner taking on Los Angeles junior college in the first game for that coveted honor.

ETIWANDA, Feb. 23.—The Etiwanda Red Scale Protective association is today organized and inspection of local groves is under way.

Representing approximately 900 acres, the association has been formed to provide a systematic battle against the ravages of the pest. The inspection will result in the leaders knowing just what will be necessary to down the red scale and in determining what method will be used.

It is expected that active work will be started within a short time, with owners of the acres sharing the expense of the project.

This organization is the first of its kind in the district and the project will be watched with interest.

TREE TAKES PLACE IN PARK AS WOMEN HONOR WASHINGTON

Young Elm Planted by Upland Woman's Club for Memorial to Patriot

CHAS. D. ADAMS HONORED

Pioneers of District Featured in Ceremonies at S. A. Park

Among the first of 10,000,000 trees to be planted this year as a living memorial to George Washington, a sturdy young elm stands today in San Antonio park, planted there yesterday afternoon through the efforts of the Upland Woman's club.

It is the plan of the United States George Washington Bicentennial commission, through the aid and cooperation of various clubs and organizations throughout the country, to sponsor the planting of millions of trees between Washington's birthday and Thanksgiving.

With Mrs. L. D. Temple, chairman of the Woman's club committee, presiding and in the presence of an interested audience, the tree planting ceremonies took place in the park at 3:30.

America was sung and was followed by prayer by the Rev. Ernest L. McCartney.

The young elm was set by the forest ranger and Charles D. Adams, 87 years of age and a resident of the upper Euclid avenue district before the city of Upland had come into existence, had the honor of placing the first shovelful of earth about its roots. This privilege previously had been alloted to Upland's oldest citizen, Chas. E. Harwood, now well into his one hundred and second year. However, Mr. Harwood felt hardly equal to the task and could not be present, leaving Mr. Adams to deposit the first earth in place of the second shovelful, as scheduled.

Alois Podrasnik, 86 years old and a resident of Upland for many years, made the second deposit of earth and was followed by some 40 young girls in charge of Mrs. Paul Adams. Three Girl Scout troops, whose leaders are Mrs. Dan Milliken, Miss Florence Tarleton and Mrs. Adams, and Mrs. Chas. V. Benson's Campfire Girls participated, Jean Benson placing the first soil for the Scouts and Vesta Wisely making the first deposit for the Campfire Girls.

The reading by Mrs. Temple of Joyce Kilmer's beautiful poem, "Trees," concluded the very apporprite ceremonies.

Boy Scouts of troop No. 3, with Paul Schowalter as leader, were unable to arrive in time to participate in the tree planting, but witnessed the ceremony.

Mrs. Edna Swan was present with her camera and made pictures of the scene.

Golf Activities On at Red Hill Club

"Reds" and "Blues" teams will get started Saturday. The club membership has been divided into the two divisions and Tommy Sheehan, pro, will announce the pairings on Friday.

Girl Scouts Plan to Hold Court of Honor

In addition to the awarding of the various honors, a play based on a story of George Washington's sister, Betty Washington, will be presented by a group of girls.

The public is cordially invited

Near Fight In Police Court Is Ended As Officers Subdue Man

Physical force instead of judicial judgment temporarily disposed of a case in Judge George R. Crane's court this morning when Robert C. McEachern and A. C. Duncanson met to decide a civil case. Sum of $11.54 was involved and McEachern, a former employe of Duncanson, filed suit to collect.

So numerous were the cases this morning, principals in this case were advised to settle their case if possible through a conference of their own. They were given a table around which to meet.

Judge Crane continued another case that has been hanging fire for weeks. Attorneys concerned and youths arrested at Ice House canyon were also in court.

In the meantime, the two men in the civil case and other interested persons were noisly arguing. Once they were reprimanded by the judge for their noise. A few minutes later, however, McEachern, a big husky war veteran, jumped from his chair and grabbed it to raise and strike Duncanson, a local citrus grower and an occasional figure in the court.

Almost ready to strike his former employe, McEachern was over-powered by Officer Lehman. Chief of Police J. F. Sawyer, in the front office of the police station, rushed to the court room. He grabbed the laborer around the neck and the officers wrestled him to the ground.

Advised by the officers to "cool off," McEachren promised to "be good," and he was allowed to stand up. Raging mad, however, and with a remark that he "wasn't going hungry," he again grabbed for the chair. Again he was subdued.

The case was continued for one week.

Robert Turner, arrested at 11:30 o'clock last night by Officer Dark, after he had been seen leisurely riding around in a car, appeared in court on a vagrancy charge. His case will be completed this afternoon. The machine he was driving is reported to have carried several gasoline drums.

EASTERN STARS AND MASONS CELEBRATE

George Washington Dinner and Program Presented in Masonic Hall

Uniting for a dinner and program given in celebration of Washington's two hundredth birthday anniversary, Upland Eastern Star members and Masons gathered in the Masonic hall last night for an interesting meeting.

Opening the evening's entertainment, an excellent contributed dish luncheon was served in the dining hall, in which patriotic decorations predominated. During the dinner assembly singing was led by J. Lynward Grahame, with Mrs. Grahame accompanying at the piano.

A brief chapter session was conducted by the worthy matron, Mrs. Ann Deverts, and the entire company then assembled in the chapter room where the program was presented, several of the numbers being given by young girls representing various groups in the Chaffey Community Girls Organizations.

Misses Helen Weber and Mary Davenport made short talks, telling of the work of the organizations, and a group of girls sang several selections, one of which, an old-time song, was cleverly pantomimed by Emily Draper and Charlotte Browning. The singers were Marjorie Pounders, Ellen Highsmith, June Watkins, Ruth Ward, Mary Okamoto, Ida Jane Sales and Amy Ann Hewitt.

A group of girls coached by Miss Blanche Gang, including Betty Foss, Lucy Mae Randle, Bonnie Linsley and Vivian Chambers, all in costume, danced the minuet and in response to an encore Betty Foss and Lucy Mae Randle appeared in an old-fashion polka.

Readings were given by Wayne Bryant and Geraldine Riggs, Lynn Peters of Ontario played a group of piano solos and accompanied the Misses Charlotte and Marjorie Browning and Muriel Maimers in a waltz clog and soft shoe dances. The numbers by all of the young people were much enjoyed, being heartily encored.

A group of solos were beautifully sung by Mrs. Harold Stewart, Mrs. Ralph Myers, accompanist.

The address of the evening was delivered by the Rev. Herschel R. Griffin of the Ontario Baptist church. His subject was: "Washington, Masonry and the Revolution," the discourse being an inspiring one.

"THE LUCKY JADE" SHOULD FILL HOUSE

Staged on Bigger Scale Than Any Musical Event Put on at Chaffey

Romance and realism mingle with the touch of the magician's hand in "The Lucky Jade," musical comedy to be presented by the high school glee clubs next Friday at Chaffey auditorium. A new play, this comedy has slipped into the list of recent successful shows almost at one bound

The remarkable scenic effects employed in the Voodoo temple prologue have never before been used on any stage except the Paramount studios, for which they were specially made, according to a statement made to Mr. Blakeslee. The reputation of Chaffey music department in putting over outstanding productions was influential in procuring this unique stage set. The lighting effects which have been worked out for this scene will reveal the finest technique in such synchronizing yet seen on a local stage.

Not every big show can boast as many decided song hits as "The Lucky Jade." The names connote the story, too, as in Liza's ditty, "Moon Am Shinin'", the French Maids "In Gay Paree," the fox trot, "You're the Girl," and many others.

The girl's dancing team, whose popularity is well deserved, are this year working under Harold Ames, famous New York and Hollywood soloist and teacher.

Mexican Lad Held for Altering Check

Marciano Hernandez, 16-year-old Mexican boy, who lives in the Pacific Electric camp, is probably headed for the detention home.

Young Hernandez admits altering a check made out by Mrs. A. E. MacLaren, clerk in the Upland postoffice, who resides at Ninth street and Third avenue. The check was made out to a milk concern for the sum of $6.51 and placed in a bottle on the porch. The lad, who erased the name of the party for whom it was intended and substituted his own, said he found the check in the street and that some man told him to change same, but failed to give the name of the latter. Mrs. MacLaren's name was traced over so that the color of the ink was the same as that with which he wrote his name.

Lloyd Lorbeer Tells Rotary About India

Upland Rotarians and their guests today heard one of the best and most informative talks to which it has been their pleasure to listen for some time. The speaker was Lloyd Lorbeer, well known here, who has been a missionary in India for many years, and who with his wife expects to return to the work in that country in about a month. Mr. Lorbeer's talk dealt with the problems with which he and Mrs. Lorbeer have to deal as missionaries among the various casts and religions. E. W. Fischer, a schoolmate of the speaker, was program chairman and introduced him.

The monthly birthday table was in evidence today, only two members being at the seat of honor, Dr. R. C. Stone and P. H. McQuillen, and in the center of their table was a fine birthday cake.

John Mehl Quits Movies Returns to Chemistry

John Mehl, son of Mr. and Mrs. E. C. Mehl of this city, who came home from Hollywood a short time ago, has decided to give up the career of a movie director and will continue his studies in chemistry, having recently enrolled in Pomona college, where he is taking post graduate work in bio-chemistry, or chemistry of the body.

John made a splendid record in Caltech at Pasadena and it was the recommendation he received after graduation that won for him a place in one of the large studios in Hollywood, and where he did directorial work on several pictures in production. With the reorganization program now going on a number of the younger directorsr were released for a time, with the word they would be recalled later. In the meantime John again took up his studies in chemistry and has definitely decided that his "first love" shall be his profession.

Colonial Articles in Atwood Window Attract Attention

With the cooperation of San Antonio chapter, Daughters of the American Revolution, the J. J. Atwood company has arranged a most interesting Colonial exhibit in the center display window of the store.

All of the articles displayed are very old, some being made nearly 200 years ago. In the descriptive card with each article the names of great great grandparents, uncles and aunt, appear frequently.

A beautifully made sampler, a set of silver spoons, a blue platter, a silk shawl, and other articles are the property of Mrs. F. F. Lemon. Kinfolks Lost Years Ago Found As Man's Memory Is Stirred

More than 45 years ago, after a difference with his father, W. H. Shaffer, who has lived west of Upland at Alexander and Cucamonga avenues for the past 22 years, walked out of his father's home at Mt. Blanchard, Ohio. Going into the "Big West," he lost his identity so far as his family was concerned.

A few weeks ago by accident Mr. Shaffer met a boyhood friend. Something stirred in his memory and he wrote to his home paper. Imagine his feeling when the past week he has been showered with letters and telegrams from his long ago home people. A brother, John, now a member of the Montana legislature, has been a frequent visitor in Pomona where he has a son living. A well-to-do sister in Cincinnatti was overjoyed to discover her brother whom she had long mourned as dead, was still alive, and Mr. Shaffer's two daughters had the thrill of their lives when they found they were suddenly showered with some new relations whom they will delight in knowing.

Members of the cabinet of the Young Peoples department of the Methodist church will hold a meeting tonight, Miss Florence Armstrong and Miss Lois Kent being hostesses at their home on First avenue. The meeting will open with a contributed dish supper.

As the result of the cooperation of O. K. Granger, a tree was placed in the Sierra Vista school grounds, with appropriate ceremonies. An ornamental evergreen was a gift to the school. NEW WATER POLICY ADOPTED TODAY BY S. A. WATER FIRM

Stockholders Vote to Change From Assessment System; Reports Made

BEATTIE OFFERS PLAN

"Pay As It Is Used" Is New Policy in Charging for Services

San Antonio Water company will sell its water during the 1932 season as it is used and not through assessments.

This change was authorized this afternoon as the major action at the annual meeting of the group in Chaffey auditorium. President W. K. Beattie presented the proposal as coming from the board of directors. A half dozen persons commented on it and on motion of R. O. Price the change in the water charging system was authorized.

The change means that persons will pay for the water as it is used. At present, water is scheduled for all stockholders at regular periods and the water pair for is generally used, even though it is not needed. Economy in use of water and in expenses is the aim of the new plan.

The old plan had been in effect 40 years.

Election of directors will be the principal feature for late this afternoon.

The report of A. C. Reynolds, secretary and manager of the company shows the concer to be one of the largest in this territory, the total assets being $1,709,092.91. Included in the larger items making up this total of the nearly $2,000,000 concern are these: Land, water rights, etc., $912,638.86; tunnels, $316,292.68; pumping plants and wells, $271,378.41; Cucamonga wash conservation and storm lines, $36,012.71; transmissions and distribution lines, $401,299.51; booster lines, $65,487.44; reservoirs, $31,889.61, and a number of items of lesser amounts.

Mr. Reynolds report also states: "For the past four seasons the rainfall on our watershed has been 20 per cent less than normal and this past year was 10 per cent less than the year before, with the result that our supply of gravity water was materially reduced necessitating more pumping at greater depths than the previous year. The increase in cost of operations for the year was due primarily to the increased use of power amounting to $11,423.97. There was a general reduction in the other operating expenses.

"Conservation and flood control work in the Cucamonga wash was continued this past year. During the spring, the work was carried on by the Cucamonga Basin Protective association which raised by assessment $4,250 to augment the appropriation made by the county in 1930. The county supervisors levied a special county tax of 10c in July, 1931, for flood control and conservation work, which tax was duplicated by the state. From these funds approximately $35,000 was allotted to the Cucamonga wash. The work under this latter appropriation is being done by the county under the supervision of the association's engineer, R. V. Ward, who resigned as superintendent of the San Antonio Water company Nov. 1.

"The work has progressed so that it is possible to spread the water to greater advantage and it is hoped that the county and state will make a similar fund available this coming year.

"The Chino Basin Protective association was organized and has conducted systematic measurements of a large number of wells in the Chino Basin and has gathered data that will be of great value in protecting our water rights."

Roll call, the president's report, an address by Attorney Shurr and remarks by Joe Simons, local grower, occupied most of the morning's session. The secretary's report was submitted this afternoon.

Serving as tellers were Harry Flowers, William Vogel and Austin W. Burt.

Mrs. Henry Dybsand has returned from the San Antonio Community hospital to her home on Second avenue accompanied by her baby son, who recently joined the family circle.

Today's Bible Verse

The integrity of the upright shall guide them: but the perverseness of transgressors shall destroy them. Prov., 11:3.

Just been reading where a Chico dairy farmer "floored a traveling man who had congratulated that section as exceptionally fortunate in having a lot of milk and butterfat producing ranches" by coming back at him with this: "Hay is $20 a ton, replied the farmer. A dairy cow eats a ton of hay in a month. On that ton of hay a good cow produces a pound a day of butter fat. Butter fat is worth only 22 cents a pound. There are 30 days in the month. The value of the butter fat in a month is $6.60. The cow that ate $20 worth of hay has cost her owner a net loss of $13.40." This News Guy does not pose as an authority on how much a cow eats—but we'd like to see the size of the cow that eats a ton of hay a month. That's only a little more than 66 pounds a day—and we have an idea that farmer meant to say a flock of cows instead of "a cow."

In all probability there are some fellows in Upland who can appreciate the attitude of their banker as this one C. C. Johns of the Corona Independent tells about in his town: "Heard a fellow in Corona say Monday that he was happy because the bank turned him down on a loan a few months ago, although he was plenty sore at the time. 'I found that I could get along without the money, and if I had got the loan I couldn't have paid it back today the way things turned out and I would have been worse than broke.' Most of us can't appreciate the banker's viewpoint until we've got our fingers burnt."

"Even though it may cost the United States half a million dollars to send a delegation to Geneva, disarmament conferences are cheaper than war," says the Hemet News. That's true, Brother King; but it's going to be rather tough if we have to pay for a peace conference and another war also. That's been the experience of the past, and if we keep going on the plan of thinking we have to mix into things every time two nations disagree we're going to have a war on our hands most of the time.

—o—

"Professional panhandlers should not be counted among the unemployed. They're still working the public," truthfully says the Hemet News. And "working the public" is the only kind of a job they ever tackle—unless they are absolutely forced to tackle a job. Then they don't work—they simply stall.

—o—

There seems to be a great deal of worry from some sources about our people losing the use of their legs because they ride so much—but if one may judge by the per cent of our population on the golf courses these fears would appear somewhat unfounded.

—o—

If the rains keep on coming there is going to be a big demand for arks in some sections of Southern California. Now—there's a hint for some enterprising carpenter.

—o—

While we are not in position to state that the old adage, "There's room at the top," is true—we're convinced it is for the very good reason that there are so many at the bottom.

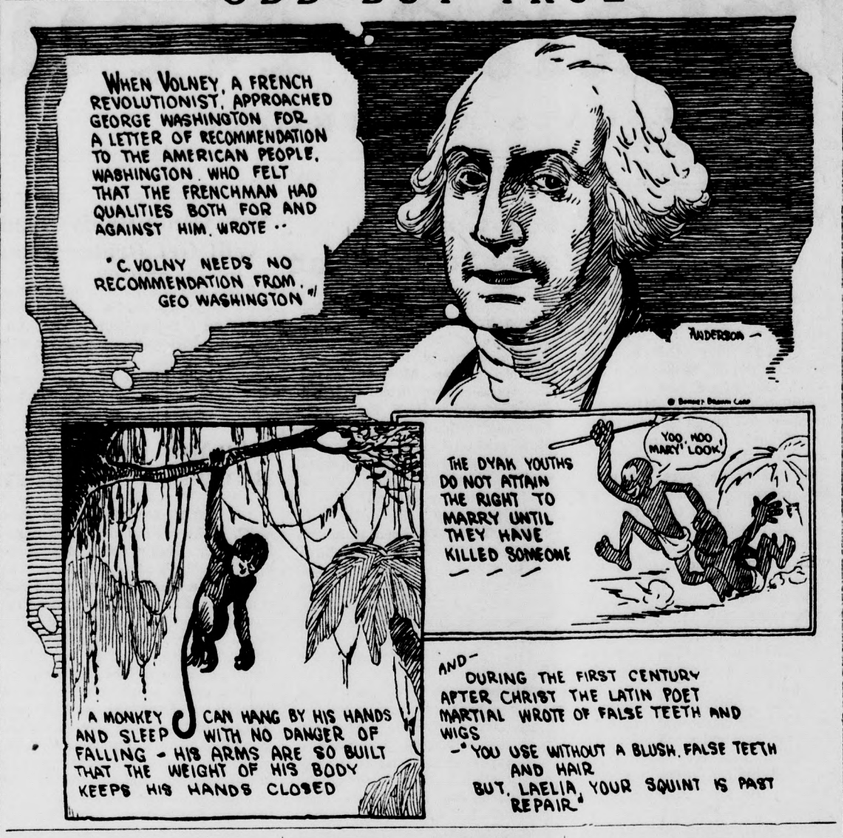

—o—

Well, anyhow, we seem to have learned something from the depression—we're healthier when we can't afford to buy so much to eat.

—o—

Chemists say man is composed principally of glue. Can't see how that can be true of some of them—they don't stick to their word.

ODD--BUT TRUE

Frances Willard Is Subject of Program at All-Day Meeting

A Frances Willard program featured the all-day meeting of the Woman's Christian Temperance Union held Friday at the home of Mrs. T. J. Cromer.

The business meeting was held in the morning with Mrs. Jay Rogers, the president, presiding, and in addition to the routine business, arrangements were made for the local union to take charge of the county W. C. T. U. booth at San Bernardino Orange show on Monday. Each union in the county is to take its turn in operating the booth. The members appointed were Mrs. Iva Marr, Mrs. Mary G. Eckerman, Mrs. Eddie Clauson and Mrs. J. F. Haddow.

During the noon hour a cafeteria luncheon was served and was followed by the afternoon program. Miss Flora Morley and Mrs. Haddow were the two speakers, telling of various phases of the life and work of Frances Willard. At the conclusion of the addresses a number of members told of some interesting incident concerning the great temperance leader.

Assembly singing provided an enjoyable part of the program.

The next meeting of the union will be held at the home of Mrs. Clara M. Perrin on Laurel ave-

Celebrating her ninth birthday with an informal party, Phyllis Draper, daughter of Mr. and Mrs. Fred E. Draper, invited in several of her playmates for an afternoon of games Saturday at her home on Laurel avenue.

A pretty birthday cake with candles was a part of the refreshments served to the youtnful merrymakers.

Phyllis' guests were Dexter Galentine, Eldon Mather, Jane Cooley, Harold Cook, Jr., Dorothy Neilson, Phyllis and Sheldon Swan, Donald Rogers, Ellen Anderson, Lynette Grahame and Ruth Draper.

Delightful Luncheon For Merry Wives

The Malone home ranch near LaVerne was the scene of a delightful luncheon party Friday when Mrs. Thos. W. Harris entertained members of the Merry Wives Embroidery club.

Colorful wild flowers were used in the house decorations while for the contributed luncheon which was served at 1 o'clock, the patriotic motif honoring Washington's birthday predominated in the table decorations and appointments.

The twenty-first anniversary of the organization of the club was celebrated and of the 18 charter members, 11 were present at the party.

As is the custom of the club, the afternoon was spent in very pleasant visiting, the guests conversing as they sewed on various articles of needlework.

The club will meet again on Friday, March 4, when Mrs. Perry O. Long and Mrs. W. C. Cline will be hostesses.

Every member of the club attended Mrs. Harris' party with the exception of Mrs. C. C. Eymann of North Hollywood, those present being Mrs. G. A. Brest, Mrs. Isabelle Brown, Mrs. Grace Paulin, Mrs. F. H. Manker, Mrs. C. M. Sikes, Mrs. Perry O. Long, Mrs. W. C. Cline, Mrs. Frederick Wing of Glendale, Mrs. George Gregg, Mrs. D. D. Crew, Mrs. T. M. Nichols, Mrs. Mark H. Bailey, Mrs. C. K. Francisco, Mrs. E. B. Reynolds of Fullerton, and one visitor, Miss May Malone, and the hostess, Mrs. Harris.

Little Annette Linkey Now Six Years Old—

Annette Linkey, small daughter of Mr. and Mrs. I. J. Linkey, was an important personage Sunday when her sixth birthday was celebrated with a family gathering at the home on Eighth avenue.

Among the guests were Annette's grandparents, Mr. and Mrs. A. H. Schumacher, and her aunt, Miss Verona Schumacher, of Pomona; also William Wright of Pomona and Mr. and Mrs. Emil Risto and daughter, Barbara, of Michigan, now visiting in Pomona.

Included in the refreshment menu was a lovely birthday cake, the decorations for which were sent as a gift from a friend in the east and were tiny wooden birds made as candle holders and linked with reins held by a kewpie doll.

Youthful friends invited in to play with Annette were Betty Faith Moore, Patty and Tommy Thomas and Teddy Atwood.

Miss Esther Guy Hostess at Afternoon Party—

Entertaining for members of her bridge club, Miss Esther Guy was hostess Saturday afternoon at a prettily planned party at her home on Euclid avenue.

When not engaged in merry chatting, the girls found entertainment at the bridge tables, high score prize being won by Miss Ruth Hilty and low score award going to Miss Barbara Bridge.

Dainty refreshments were served following the games, the George Washington motif being seen in the clever tri-cornered Washington hats that served as nut cups.

Attending the party were the Misses Gloria Foss, Louise Norton, Elizabeth Goddard, Marian Gillilan, Rae Jean Gillilan, Ruth Hilty, Barbara Bridge, Ruth Mathews, Helen Taylor, Barbara Shurtliff, Marie Jones and the hostess, Esther Guy.

L. A. Boys Disturbed Peace at Ice House

Three Los Angeles boys were arrested at the toboggan slides at Ice House canyon Sunday on a charge of disturbing the peace, the particular offense being that of annoying girls at the resort. The trio was composed of Fred Freeman, 18 years of age; Paul Thome, 17, and Edward Gold, 16. The two under 18 years were cited to the juvenile court. Freeman is to appear later.

Wm. Nagel, also of Los Angeles, was picked up by state police about 4 o'clock Sunday afternoon at Foothill Blvd. and Euclid avenue, on a charge of driving while drunk. Nagel was taking up too much of the highway, but was intercepted before he collided with other vehicles. He was in company with Anna Anderson, also of Los Angeles, to whom it is said the car belongs. He will be arraigned in Judge Crane's court on Feb. 26.

NATIONAL GROUPS BACK AMENDMENT

Member of Local Union Tells of Action Taken by Organizations

By Mrs. J. H. Freeman

The National Educational association, the National Parent-Teacher association, and National Federation of Women's clubs have all passed resolutions upholding the eighteenth amendment and its enforcement. One Parent-Teacher association of Los Angeles has passed a resolution endorsing the action of the national organization. This has inspired many with the thought that in this year, when the prohibition question will be prominent in all elections and when the country is flooded with "wet" propaganda of various kinds, it is important that all good loyal citizens show their colors, unite in a stand for the eighteenth amendment, and for still further improvement in methods of enforcement. There already have been some improvements in choice and training of enforcement officers.

We believe a large majority of the people are interested in all the forces at work for the welfare and happiness of the people and are looking to the rising generation for their co-operation in this work. The teaching of the effects of alcohol and narcotics in the schools is required by law, and in many schools furthered by the temperance essay and poster contests put on by the W. C. T. U. This work is much hampered by "wet" propaganda and would be furthered by the support of all loyal citizens.

Space does not permit in this article of bringing in all the convincing arguments for the eighteenth amendment, but let those who doubt its benefits study what the conditions would be without any regulation—or with any other regulation that has been proposed—as regards cost of such other regulation and as regards drunkenness, crime, money spent for drink, suffering of families, drunken drivers, air pilots, mechanics, etc.

Let them consider that we do not repeal the laws against murder, traffic in drugs, etc., simply because they are often broken. The Los Angeles Times, the Christian Herald, The Christian Century and our own Upland News are among the papers which take a stand for spiritual, moral, mental and physical progress.

The slogan "Beer would bring prosperity," is well answered in the Christian Herald, also in the Christian Century of Nov. 4, 1931. A review of the latter appeared in The Upland News of Feb. 5.

Harmony in the various organizations is to be highly prized but the fact that some members may differ need not create inharmony if the vote is taken quietly by ballot.

Upland Group Has Unique Experience on Trip to Desert

A unique experience was enjoyed greatly recently by Miss Betty Townsend and Hazel Griffith, when they, accompanied by Miss Townsend's mother, Mrs. Beth Townsend, motored out to Helendale and were special guests at a farm center meeting Friday night.

The girls gave a special musical program, singing a number of songs. For several of their selections they played their own accompaniment on violin and guitar and for other numbers were accompanied by Mrs. Townsend. Their program was received with enthusiasm and they were cordially invited to attend another meeting.

The week-end was spent on a ranch on the Mojave river. The desert stream had been at flood stage, caused by the heavy rains and snows, and was still running high, many trees being carried down by the swift current. Mrs. Townsend reports the phenomenon of waves from 5 to 12 feet high cresting the turbulent river.

The motorists encountered some trouble in returning home. The Blue cut in Cajon pass was blocked and cars were forced to ford the stream which was body high. The Townsend car came through without mishap but a number of cars were stalled in midstream.

Woodcraft Circle Plans Membership Contest in Spring

A membership campaign in which two captains will lead contesting sides, is to be held by Upland circle, No. 899, Neighbors of Woodcraft, plans for the campaign having been made at the regular meeting of the circle held Friday night in the I. O. O. F. hall, the guardian neighbor, Mrs. Emma Williams, presiding.

Miss Italia Morgan is to captain one side, while the other will be led by William Cowan. The contest will start at the next meeting, March 4, and will continue for three months. At its conclusion the winning side will be entertained by the losers.

Following the lodge meeting Friday night, an informal card party was held and refreshments were served.

RECORD SET WHEN WOODYARD IS BUSY

Community Project Brings Many Workers Together in Search for Food

Saturday was a record breaking day for the Upland public woodyard, conducted under the auspices of the Associated Charities for the altruistic purpose of giving work to "knights of the road." According to records at the police station 58 men were given one hour's work each, there being as many as 12 at work at one time at some hours of the day. The plan of giving each man two hours work has been followed part of the time, but when the transients became so numerous all who desired could not be given work that length of time.

A glance at the men working at the yard convinces one that most of them are not ordinary tramps, but more worthy men who are actually looking for some way to earn enough to eat. Some of these stop here for several days; in fact, there have been those who stayed several weeks.

Another attraction which undoubtedly holds the men here is the fact that at the Mexican shacks on Craig street they have a comfortable place to sleep and pass the time. Men are congregated there at all hours of the day and from 40 to 60 are accommodated with sleeping quarters at night, there having been the latter number there Saturday night.

These quarters are in charge of a man by the name of W. H. Riley, who comes from the north part of California. There he had a considerable sum of cash, some thousands of dollars, in one of the banks that closed, which made him penniless. Riley seemed to just naturally "fall into" the job of running this "hobo haven," having drifted into Upland weeks ago and proving a man far above the average. He takes an interest in keeping the shacks clean and sees that there is no "rough stuff," although the latter precaution is seldom necessary. The men are mostly of the type who appreciate a good place to stay.

One fellow a few days ago seemed of the Bolshevik character. He got somewhat noisy, telling his fellow unfortunates he was not going to work for the food he would get and advising them they were foolish to do so. He is now over at the county seat putting in thirty days in charge of the sheriff.

As we have previously stated, the donation of dead trees will be appreciated for the wood yard. These will be removed from your premises without cost to you if you will notify E. H. Gibson, who is in charge of the yard.

"Hidden" Money To Be Subject to Taxation

Persons in the Upland district will be asked to tell the county deputy assessors of their personal valuables, including money "hoarded" away in safe keeping, A. E. Allen, county assessor, said today in telling of plans to get idle money in circulation.

All "hidden" when listed will be taxed at the regular county tax rate. If persons misrepresent the facts and are later found out they will be subject of a charge of perjury. Beginning soon, deputy assessors will visit all homes to assess personal property. Individuals' property will be listed in an affidavit and must also list their hidden money.

Regular meeting of Mary Brainard tent, Daughters of Veterans, will be held in the American Legion hall Thursday evening at the usual hour.

REPUBLICAN CLUB LUNCHEON FEB. 25

Women of City Start Political Activities; Men Asked to Be Present

The Woman's Republican club of Upland, which has been in the course of organization for several weeks, will hold its first public meeting Thursday, when the members sponsor a luncheon at 12:15 at the Upland Woman's club house.

The meeting will be addressed by Lyman King of Redlands, former state senator and a brilliant speaker, who will give an able discourse on the present political situation.

Although the luncheon is being given by the Republican women, it is especially desired that many of the men of the city attend, and it is not necessary that the guests be Republicans, those of any political persuasion being welcome. A number of guests are expected from Redlands and other nearby cities.

The luncheon will be 50 cents and reservations should be made at once with Mrs. R. C. Norton.

Washington Copies Rules of Conduct

In one of George Washington's early school notebooks were found carefully copied 110 "Rules of Civility and Decent Behavior," which it is believed he took from the work by Hawkins, which were well known in France and England.

Some of the rules, which it seems Washington found it advisable to follow, are given just as he wrote them:

Every action done in company ought to be with some sign of respect to those that are present.

In the presence of others sing not to yourself with a humming noise, nor drum with your fingers or feet.

Sleep not when others speak, sit not when others stand, speak not when you should hold your peace, walk not on when others stop.

Turn not your back to others especially in speaking, jog not the table or desk on which another reads or writes; lean not upon anyone.

Play not the peacock, looking everywhere about you to see if you be well deck't, if your shoes fit well, if your stockings sit neatly, and clothes handsomely.

39 Californians Report Incomes of Over Half Million

California has thirty-nine individuals whose annual net income places them in the multimillionaire class. A total of 213,767 citizens whose net income runs from $1000 to $5000 report $591,974,000 of the grand total of $1,689,896,000 of net income reported to the Federal government by Californians.

These figures are based on data released by the Internal Revenue Bureau and reflect net income of an average normal year. The figures do not include the income of thousands of persons engaged in gainful occupations who are not required to file income tax owing to the $3500 and $1500 married and single exemptions.

Although the total reported by citizens with net incomes ranging from $1000 to $14,000 is far in excess of that turned in by individuals in the higher brackets, the bulk of the tax actually paid comes from citizens with incomes of from $15,000 to $1,000,000. Of the total net income of $1,689,896,000 reported $319,148,000 of income in the $1000 to $10,000 brackets is nontaxable.

Latest available figures indicate that California's great army of income taxpayers comprises the following classes: $1,000,000 to $2,000,000 class: eight returns totaling $10,087,545 of net income; $500,000 to $1,000,000 class, 31 returns totaling $36,754,000; $100,000 to $500,000 class, 692 returns totaling $123,060,000; $50,000 to $100,000 class, 1436 returns totaling $97,413,000; $25,000 to $50,000 class, 4335 returns totaling $148,025,000; $10,000 to $25,000 class, 21,000 returns totaling $327,422,000; $5000 to $10,000 class, 56,122 returns totaling $383,433,000; $1,000 to $5,000 class, 213,767 returns totaling $591,974,000. Less than $1000 class, 11,512 returns totaling $6,700,000.

Curbing Plowed Off by Skidding Machine

Twenty-one feet of curbing were removed from in front of the Harlow S. Wilson residence, 691 Euclid avenue, when Charles H. Watt, San Diego, attempted to avoid a collision, according to a report on file at the Upland police station today. He was going south on the west drive of the avenue when a car approached, skidded the car wheels and the machine lunged into the curbing.

Missionary Meet Held at Home of Mr. and Mrs. Eyster

A meeting of unusual nature was held at the home of Rev. and Mrs. J. R. Eyster, 637 Third avenue, on the evening of Feb. 19. Those present came in response to an invitation issued to the Upland, Chino and Pasadena congregations of the Brethren in Christ church for "all those returned from foreign fields or whoever feels a call of Divine Providence to such work." There were about 40 present, including missionaries returned from India, Africa, Japan, and the Philippine Islands. The host and hostess themselves, Rev. and Mrs. J. R. Eyster, have spent a number of years on the African field, the former being at present a member of the Foreign Mission board of the Brethren in Christ church. Twenty-five of the number have been or are students of Beulah college. The program included music, several talks on phases of missionary problems, and refreshments.

One very interesting feature was the reading of letters from Miss Anna Eyster, daughter of the hosts, now stationed at Sikalonga mission, Chomo, North Rhodesia, South Africa, and Mrs. Charles Engle (Lucille Eyer) now in Saharsa, India.

Upland Actors Can Try for Parts in Theater Melodrama

Upland residents were today invited to the try-outs for "Green Fire," Glenn Hughes' exciting mystery melodrama of the year 1990, which have been scheduled for February 24, 25 and 26, according to an invitation issued by Mary C. Blaisdell, Claremont Community Players director. Try-out appointments for any of the three days may be made through the business office, Claremont 5721.

"Green Fire" is to be the April production of the Claremont Community Players. The presentation will be the third in America, the play having been done previously at the Pasadena Community playhouse and at the Seattle Repertory playhouse, where it is now running with great success.

"Green Fire" is now being considered by George Arliss as a possibility for his next screen venture, and has been listed in the New York Times as one of a group of plays which will probably find production in the metropolis either this season or next.

3 RULES big help to BOWELS
What a joy to have the bowels move like clockwork, every day! It's easy, if you mind these simple rules of a famous old doctor:
1. Drink a big tumblerful of water before breakfast, and several times a day.
2. Get plenty of outdoor exercise without unduly fatiguing yourself.
3. Try for a bowel movement at exactly the same hour every day.
Everyone's bowels need help at times, but the thing to use is Dr. Caldwell's Syrup Pepsin. You'll get a thorough cleaning-out, and it won't leave your insides weak and watery. This family doctor's prescription is just fresh laxative herbs, pure pepsin, and other helpful ingredients that couldn't hurt a child. But how it wakes up those lazy bowels! How good you feel with your system rid of all that poisonous waste matter.

RIVERSIDE SPOILS J. C. CHAMPIONSHIP

Chaffey Nosed Out of Win in Second Half; Five Teams in League Tied

With visions of their third successive championship in the Inland junior college league, Coach Mitchell's Panthers from Chaffey were nosed out of that honor Saturday night at Riverside in the last half of a terrific battle after leading at the first half by a 17 to 13 count. It was one of the most thrilling basketball games ever witnessed in the league and when results of other games in the circuit became known it was seen that five teams are now tied for the coveted honor of the championship.

Fullerton, up to that fatal Saturday night game, was the only team which had a chance to nose Chaffey out of the race—and Santa Ana trimmed them 37 to 30. Pomona defeated Citrus easily, as expected—and the following table shows the standing at present:

	W.	L.	Pct.
Chaffey	4	2	.666
Fullerton	4	2	.666
Riverside	4	2	.666
Santa Ana	4	2	.666

ALTA LOMA-CUCAMONGA

Community Church Dinner

With the patriotic note being stressed in the program, a benefit dinner will be given Friday evening by the women of the Cucamonga Community church in the church social hall. A ticket committee, which includes Mrs. Geo. E. Keyes, Mrs. Charles Beckley, Mrs. Buchanan, Mrs. C. P. Shaffer, Mrs. O. W. Freeman and Mrs. Lewis, are selling tickets in advance and will appreciate purchases being made as early as possible. However, those unable to secure tickets during the week, may buy them at the door Friday night. Preparations are being made to serve a chicken dinner to not less than 100 and everyone will be welcome. Mrs. Keyes is chairman of the dinner committee.

The program being arranged by Mrs. Shaffer as chairman, will include assemble singing of patriotic songs, brief items of interest concerning the life of Washington, the singing of Southern melodies by Mrs. Edgar Rothrock of LaVerne, and an address by the Rev. Mr. Rothrock, who will speak briefly of Washington and also discuss what a community church can mean to a community.

Bicentennial Program Planned

The Rev. Chas. L. Knight of Bethel Congregation church will be the speaker at the meeting on Thursday afternoon of the Cucamonga Woman's club when the members gather to hold their bicentennial celebration of the birth of George Washington.

The meeting will be held at the home of Mrs. J. W. McKee on Hellman avenue, Mrs. A. C. Smithburn of Upland being assistant hostess.

The Rev. Mr. Knight will speak on Washington and his address will be followed by a clever playlet, "George and Martha Washington Return," the feature roles being carried by Barbara Leigh Grass and Betty Blair. These and other pupils of Alta Loma school have been directed by Mrs. Carrie Baker. There also will be a minuet and music of the Colonial period. A tea hour will conclude the meeting, at which Mrs. E. S. Bishop will preside.

Three Birthdays Celebrated

Three family birthdays occurring within the week were the incentive for a joint birthday dinner Sunday at the A. C. Beattie home. The honorees were Mrs. Kenneth Hunter, daughter of Mr. and Mrs. Beattie, and her younger sister, Janet Beattie, and Miss Bessie Beattie of Upland.

Mrs. Hunter was accompanied from Colton by Mr. Hunter and their small daughter, Nancy.

U. C. A. Club Entertained

Mr. and Mrs. L. R. Parkin were hosts Saturday evening at a delightful dinner at which George Washington was honored in the patriotic motif used in the decorations and table appointments, their guests being members of the U. C. A. club.

Gathering at the card tables the guests enjoyed playing 500, Mrs. E. S. Bishop winning high score prize for the women and Geo. H. Parsons taking the men's high prize. Consolation prizes went to Mr. and Mrs. Francis Wagner.

Attending the dinner party were Mr. and Mrs. Wayne E. Morse of Upland, Mr. and Mrs. George H. Parsons, Mr. and Mrs. B. H. Wilson, Mr. and Mrs. Francis Wagner, Mr. and Mrs. E. S. Bishop, and the hosts, Mr. and Mrs. Parkin.

Mr. and Mrs. Leslie Foster of Alta Loma and Mrs. Maude Cole and E. H. Richardson of Ontario motored to Adelanto Friday afternoon and in the evening attended a Washington dinner given by the Adelanto chamber of commerce, at which Mr. Richardson was the after-dinner speaker.

The motorists found Cajon Pass somewhat difficult to negotiate, especially on the return trip late in the night, a number of detours being necessary. However, there was a brilliant moon and the mountains and desert covered with snow provided scenic beauty that more than compensated for the discomforts of the road. Mr. and Mrs. Foster and Mr. Richardson made a second trip to the desert city Sunday.

The Rev. J. M. Chamberlin left after services Sunday night for Los Angeles and on Monday he was joined by two other ministers in Los Angeles and motored to Berkeley, where he is attending a week's ministerial conference. The pastor expects to return in time to conduct services at the Cucamonga Community church on Sunday.

Mr. and Mrs. C. S. Beekman and family of Baseline, spent Sunday in Los Angeles visiting with Mrs. Beekman's mother, Mrs. Ed Gilbert, a former resident of Alta Loma.

Mrs. C. P. Chaffer, Archibald avenue, has as her house guest this week Mrs. Nettie Rogers of Fullerton.

Daniel Renke, formerly of Alta Loma but now a senior in La Verne college, spent Saturday in Alta Loma visiting with friends.

Mrs. J. M. Chamberlin spent Saturday in Long Beach and was accompanied home by her aunt, Mrs. J. M. Polkinhorn, who will remain during the week while the Rev. Mr. Chamberlin is attending a conference in Berkeley.

Red Hill Golfers Trimmed Riverside

The Red Hill Country club golfing team came very near making it unanimous in their match with the Victoria golfers from Riverside last Sunday, only one of the Red Hill teams in the foursomes losing their match, and the score being: Red Hill 15½, Victoria 5½.

The Red Hill course was in first-class condition and the day the most perfect for some weeks—since the rainy spell began. The new No. 4 green is now being played and this adds materially to the course.

The score in Sunday's matches follows, the first pairs being the Red Hill players and the last from Victoria:

South-Little 3, Mathis-Pattee 0.

Blackmer-Bergstrom 2, Skelley-Patterson 1.

Crill-Tobey 3, Difani-Rubidoux 0.

Trautman-Jumper 3, Hansen-Drummy 0.

Dacus-Gemmel 0, Mac Johnson-Button 3.

Adams-Hungerford 2½, Conrad-Israel ½.

Kirkwood-Duncan 2, MacDonald-Hoagland 1.
